DEPARTMENT OF CIVIL ENGINEERING

One day workshop
On
“Advanced Concrete Technology”
07th March 2018

PROGRAMME REPORT

Department of Civil Engineering on 07th March 2018 conducted a One day workshop on “Advanced Concrete Technology”. Session chair **Dr.S.K.Sekar, Ph.D., FIE, Senior Professor & Dean, School of Civil and Chemical Engineering, Vellore Institute of Technology, Vellore-632 014..**

Mr.K.Loganathan, HOD/CIVIL highlighted the importance and uses of Concrete Technology.

Mr.k.Loganathan, HOD/CIVIL delivered inaugural speech before starting the workshop and welcomed chief guest and all students

Dr.P.Natarajan, Principal delivered a common speech and motivated students regarding the workshop

After a small Tea break session was taken by the chief guest.

ABOUT THE WORKSHOP

The aim of workshop is to incorporate potential of faculty members, industrialists and research scholars in the area of Concrete Technology. Apart from the equal weightage given to the perspective skills in the above matter, it opens the gateway of conveying codes and specifications governing practical design in Reinforced Concrete Structures.

OBJECTIVE

To know the necessities of the new materials used in concrete.

Effective application of concrete technology.

To know about the new techniques to improve the concrete properties.
